September 2020

Dear Parents/Carers

It is with great pleasure that we welcome our students back to school for the start of this academic year.

We continue to work within national guidance and refer you to the newsletter sent out at the end of term. Our classrooms are set out to enable safe working distance and we will be asking students to maintain good hygiene and hand washing practice. Please remind your child about the importance of this as a protective measure.

It is strongly advised that students bring their own pens and pencils to avoid cross contamination.

We are operating as a whole school bubble in accordance with the guidance and at this moment in time students within the school building are not required to wear a mask, however they may need to wear one on transport.

We all have our part to play in maintaining a protective and safe environment. Students need to be able to follow our guidance and instructions and maintain behaviour appropriate to these Covid times. If for any reason a student is unable to manage this they will be sent home. We all have a responsibility and a duty of care to each other and regardless of your personal viewpoints we need to respect the rights of all people to feel safe in school.

- **\*It is crucial that in the event of your child feeling unwell, or someone in the household having symptoms that you keep them at home and do not send them into school\***

Students who pretend to have symptoms will be treated in just the same way as someone who really has them. Our role is not to distinguish between the two.

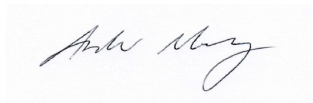

We advise that you frequently check the website for updates and keep in contact with the keyworker for your child. Keyworkers will be making contact in the first week of the return to school and any queries, concerns and updates can be discussed.

The school day from Wednesday 2<sup>nd</sup> September 2020 will be;

Form Time	8:45	Collect Laptops
Lesson 1	9:00	
Lesson 2	9:50	Leave laptops
Break	10:40 till 10:55	Snacks served
Lesson 2	10:55	Collect Laptops
Lesson 3	11:00	
Lesson 4	11:50	
Form	12:40	Return Laptops
End	12:45	
Lunches	12:45	Students can collect lunches to leave with.

We appreciate these are still strange times and look forward to working in partnership with you again in this coming year to get the best possible outcomes for all our students.

I look forward to seeing you all soon.

Andrew Murray
