

Alicia Pettigrew

After leaving McKee I went to Myerscough college. Due to starting in a new environment and being back into mainstream I was quite overwhelmed; I went to look round the campus not knowing what I quite wanted to study. Whilst being at McKee I found a creative flare in art and design. From that I started to study Photography, Maths, and English. it was something I became dedicated to I wanted to do more, I wanted to explore my emotions through my works. With this dedication I achieved a Level 2 Distinction* in Photography, then further going onto Level 3, I've recently achieved my final grade of a UAL LEVEL 3 EXTENDED DIPLOMA IN ART DESIGN AND COMMUNICATION achieving a grade of Distinction. From this I am now studying at Manchester Metropolitan University, I commute everyday which allows me to feel my passion to what I am doing.

More of my achievements include getting student of the year 2023 at Myerscough, I wrote a anthropomorphism poem about my camera and myself which I placed third in a competition working with UCLAN degree students, this poem has been published in a book,

As a school I can't thank you all enough for helping in directing me in the right path!

The world is a looking glass and gives back to every human the reflection of their own self – Alicia Pettigrew
